

OURVISIBILITY

How can we improve the visibility of our project ?

A challenging task!

Nadim: Probability calculation?

Ali: System thinking is the solution!

Pier Paolo: Establishing a learning space is key!

Patricia: Always be a step ahead!

OUR IDEAS

Make the invisible visible!!

RGB Camera?

A group photo should always include an attractive object!!

Can your camera/drone monitor water quality here?

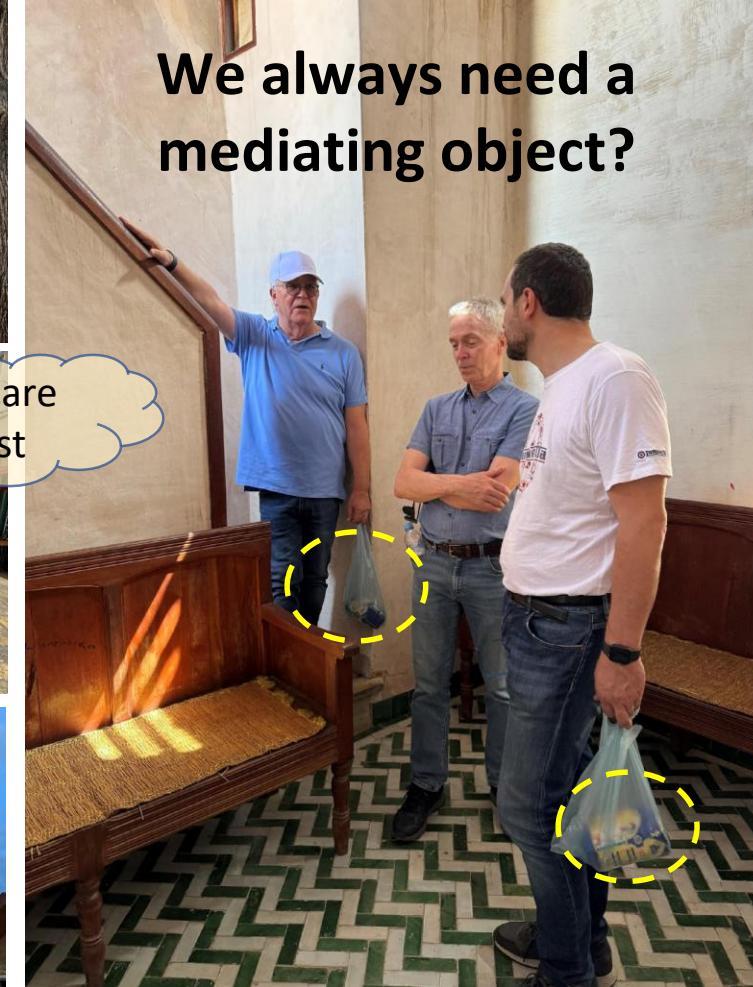

We are lost

I think we need a vision, and we need help!!

We always need a mediating object?
